

The diagram illustrates the addition of a variable x to a 2x2 grid of blue squares, resulting in a 3x2 grid of blue squares.

On the left, a white square with a black border contains the variable x . This is followed by a plus sign (+).

In the center, there is a 2x2 grid of four blue squares, each with a black border. This is followed by an equals sign (=).

On the right, there is a 3x2 grid of six blue squares, each with a black border. The grid is composed of a 2x2 grid of blue squares with an additional blue square added to the top of the leftmost column.
