

The diagram illustrates the addition of three 2x2 grids to form a 3x2 grid. The first grid is white with a black border and contains the variable x . The second and third grids are cyan and light blue respectively. The result is a 3x2 grid of light blue squares.

$$\begin{bmatrix} x & & & \\ & & & \\ & & & \\ & & & \end{bmatrix} + \begin{bmatrix} & & & \\ & & & \\ & & & \\ & & & \end{bmatrix} + \begin{bmatrix} & & & \\ & & & \\ & & & \\ & & & \end{bmatrix} = \begin{bmatrix} & & & \\ & & & \\ & & & \\ & & & \end{bmatrix} + \begin{bmatrix} & & & \\ & & & \\ & & & \\ & & & \end{bmatrix}$$
