

A diagram illustrating a mathematical relationship. On the left, a large square with a black border contains the italicized letter x . To its right is an equals sign. On the right side of the equals sign is a 3x3 grid of nine smaller squares. The squares in the first column are light blue, while the squares in the second and third columns are white with blue borders. The grid is composed of three rows and three columns of squares.

$$x = \begin{array}{|c|c|c|} \hline \text{light blue} & & \\ \hline \text{light blue} & \text{white} & \text{white} \\ \hline \text{light blue} & \text{white} & \text{white} \\ \hline \end{array}$$
